

CHBW-70 (Gen. 1)

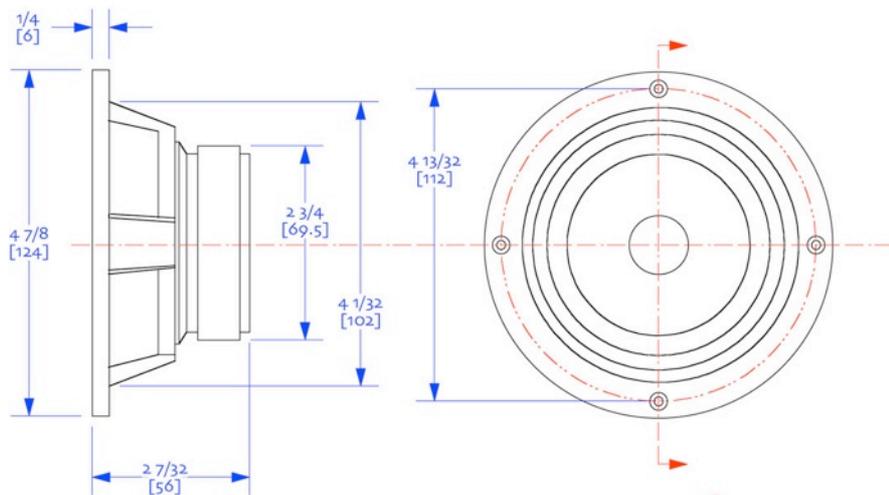

Wide-Range emitter

CHBW-70 Gen. 1 Wide range audio driver.

The CHBW-70 is a special driver designed for best low to mid-range performance. Male and female singing voices sound very natural on the CHBW. Bass response in the properly designed box can be tuned to around 40Hz. It has a warm easy listening sound, very natural and pleasing to the ear.

The driver can easily fit into Bass-Reflex and Vented box sizes from 4.4 litres to 11 litres internal volume. The CHBW is easy to partner with tweeters to make a 2 way system, suitable for many audio uses.

Note that these come with a 2mm gasket, which doesn't compress very much, so it needs to be accounted for when cutting the rebates.
